A 2,000 calorie daily diet is used as the basis for general nutrition advice; individual calorie needs may vary. The nutritional values provided herein are based on our standard recipes at the time the values were calculated. The nutritional analyses which produced the nutritional values of our recipes were derived from supplier nutrition information, the USDA database and an independent lab. Menu items are hand-prepared and nutritional values may vary from the stated amount. Nutritional values may not be available for products in test or offered only for a limited time. Menus may vary by location. This information may not be published or distributed in any manner without prior written consent of Rib Crib Corporation.
